CVSA in State & National Tournaments
Honorary Lifetime Members
January 2020***

The CVSA has four major championships it awards each calendar year, the competitions for which are open to all member teams. These titles are: Premier Division Spring Champion, Premier Division Summer Champion, Premier Division Fall Champion, & CVSA Cup Champion.

After the 1993-'94 season, two changes were made: (1.) The top division was re-named the Premier Division, where it had been known as the First Division from the league's inception in 1975; and (2.) Instead of one long regular season ("Primary" in the CVSA Bylaws) stretching from September to May, the regular season was split into fall & spring sessions, each crowning a separate champion.

In Summer '12 there was no First Division, as too many teams complained about being pulled up, so in order to placate the dissenters, they were all dropped to the Second Division. For the purposes of these archives, for the Summer '12 season all divisions below Premier are retroactively advanced, as the Second Division that season fielded teams that would have been normally in the First Division, and so on down the divisions.

The Summer '01 title was vacated because the winners had a large financial balance with the CVSA, which remains to this day.

The Coed Divisions have gone by many different names over time ("Red", "White", "Blue"; "Competitive", "Semi-Competitive", "Recreational", "Leisure"). This chart aims to order the divisions by the competitive level during the specific season listed, even though the division may have been played under a different name, at the time, than listed on this table.

In Summer '15, the Coed Competitive was called due to darkness, and the two teams listed declared co-champions.

In Summer '13, both the Coed Competitive & Coed Semi-Competitive championship games weren't listed in the archives. We have reached out to captains trying to find the winner.

In Summer '12, there was a Recreational "A" & Recreational "B" Division, constituting the third and fourth coed divisions that season; the champions of both are listed on the table.
